RNI purchases an EyeClick Interactive Projector

RNI, Inc. received a grant and recently purchased an EyeClick Interactive Projector. The Personal and Social Services team selected the Beam Mobile for its portability and ability to move from room to room with ease and adapt to any setting. The Beam Mobile can switch instantly from floor to tabletop projection. This unit is durable and built to last, yet small enough to fit through any door. Everyone has enjoyed it so much since its arrival.

Sip and Shop at Pickwick Place

Daniel and Heather recently went to the Pickwick Place for their Sip and Shop event, with Support Specialist Heather Gibson. The group had lunch and did some shopping. The trio also stopped at Goodwill, where Daniel tried on this fun Viking hat. Daniel suggested that instead of pillaging for things, that he would be pillaging for hearts.

Employee Spotlight: Kelby Lunsford

Many people called off work with the January drop in temperatures, blowing snow, and ice accumulation, but not Kelby Lunsford. Kelby just added a few extra layers of clothing under his safety gear and showed up at Enman Stamping like always. Kelby knows he has an important job and his employer counts on him to be there. This picture was shared with The Chatter by Kelby's supervisor, Chris, an incredible advocate for Kelby.
